ABOUT SEASIDES

Seaside is a community-driven security conference whose motive is to provide free of cost premium content workshops and training, delivering a conference experience on par with Blackhat/DEFCON. The journey of Seaside began in 2018, and since then we have held four physical conferences in Goa along with various other initiatives.

The conference is managed by the Seaside Social Welfare Foundation, registered as a non-profit society. Seaside 2025 saw over 1,000 attendees, and we are aiming for even greater participation this year.

The Sea of Hearts That Make Seaside Shine!

TARGET AUDIENCE

Conference is free and open to all. We target industry professionals, security researchers, and students seeking to enter the domain or enhance their cybersecurity skills. Activities are designed so there is something for everyone.

**From learners to leaders shaping the future
where technology and trust thrive!**

HIGHLIGHTS for 2026

- More villages like Code Review, Blue Team Village, Hardware Hacking Village, etc.
- Hardware-oriented sessions like Drone Programming, IoT Security.
- Career Booster: resume reviews & mock interviews. Reviewed profiles will be forwarded to event sponsors.
- More CTFs and fun hacking sessions.

The Heartbeat of Seasides That Keeps the Spirit Alive!

From Shakti Within, To Strength Beyond.
